

For over two decades of positive growth, our experience has led us to believe, that every journey requires constant attention and care, to achieve Optimum Performance, Reliability and Continuous Customer Satisfaction.

At Siyam Radiator, our journey starts with listening carefully to our clients; that is why we have honed an unrelenting ability to understand and gauge the needs of a diverse client base.

As a result, Siyam Radiator has so far been able to skillfully craft Over 2,000 Models of Aluminium & Copper/Brass Radiators for Passenger Vehicles, Trucks, Tractors and Heavy Duty Equipment.

To manufacture such a wide variety of products with an annual capacity of 300,000 Units, our factories operate some of the world's largest and most Sophisticated Modern Machinery, manned by a team of Highly Qualified Technicians and Industry-Savvy Engineers.

Like every Siyam Radiator value, caring for our employees is a crucial ingredient in our recipe for success. Modern technology with its peak performance capabilities is operated by the skilled hands of a labor force that brings to the table much more than just manual work. Their capabilities match our group's aspirations, allowing our customers in Over 25 Countries Worldwide to experience our products like never before.
